

Legal Aid Cambridge

Legal Aid Cambridge - When handling a corporate transaction the ultimate objective is to generate minimum risk whilst maximizing profit. The tax system is unreasonably complex in that there are numerous rules which regulate both foreign and domestic businesses. Our practice provides sound advice concerning tax planning and aids in the resolution of tax controversies. We try to ensure that all transactions run tax-efficiently and quickly.

In order to help our clients in the problems of divestitures, acquisitions, and the structuring and negotiation of mergers, we bring in our lawyers from the beginning. This ensures that every venture is tax efficient so that our clients may maximize their profit.

Our firm and our lawyers have extensive experience regarding resources, communications, power, transportation, technology, real estate, manufacturing and financial services. Additionally, we likewise advise sovereign wealth funds, private equity investors and pension funds. We have also converted some royalty funds and income trusts to corporate form.

Our firm is well rounded and covers all aspects of tax law consisting of sales tax, anti dumping, along with other commodity and trade taxes. Transactions including financial services or manufactured goods which are being done cross-border need an exceptional amount of commodity tax knowledge. Our firm has the knowledge and experience in order to help our clients reach their tax goals.

One of the main sectors we are involved in is acquiring advance income tax rulings. We are likewise normally asked to provide opinions on lots of matters pertaining to tax audits, and to advise on federal and even provincial tax legislation. Additionally, businesses request us to advise them concerning stock options and other equity compensation arrangements.
