

Trademark Lawyers Cambridge

Trademark Lawyers Cambridge - Our Intellectual Property Group provides help with intellectual property enforcement and protection in order to help clients maximize the value of their intellectual property (IP). We are one of the leading intellectual property practices in this nation due to our sound suggestion and knowledge in the following IP fields: licensing and IP transactions, copyright; industrial designs and patents; internet domain names and trademarks; IP and technology litigation; trade secrets; IP portfolio management; IP due diligence in corporate transactions; freedom to operate opinions (validity, patentability, infringement); procurement, licensing and integration of software applications; and outsourcing of information systems management services.

We have extensive skill protecting and securing our clients' valuable IP assets. Our group consists of more than 20 IP practitioners--lawyers, trade-mark and patent agents, law clerks and scientific consultants--who have degrees in such disciplines as chemistry, mathematics, biology, engineering and physics. Many of our experts have attained advanced science degrees and strong technical expertise, that means they understand our client's IP protection requirements.

Among our clientele, were among the world's recognized brands. We advise our clients on intellectual property protection, licensing and portfolio management. We also represent entrepreneurs and start-ups.

We recognize and understand how valuable our clients' creative work, inventions and brands are. Our lawyers can act for our clients before the courts in copyright, patent and trade-mark matters. We likewise appear in arbitrations, litigation, and mediations about passing off, infringement of rights, misuse of confidential information, and contract disputes before Courts of Appeal. Our lawyers also appear before arbitration panels in respect of domain name dispute resolution procedures and before the Trade-marks Opposition Board in respect of opposition and summary expungement procedures. Our company represented some of the largest information systems management outsourcing transactions within this nation.

Our company's IP Team, is able to gain help from the lawyers within other areas of our multidisciplinary law office. We have IP lawyers working together with lawyers in commercial, corporate, competition and securities practice areas. Together our group of professionals assists clients with their intellectual property problems, like for example the protection of intangible assets through registering patents, trade-marks and copyrights; drafting of confidentiality and non-competition agreements; litigation of intellectual property problems; and development of strategies for IP protection. Our Business Law Team supports the IP Team in the representation of both sellers and buyers in mergers, acquisitions and divestitures of IP businesses.

Our IP team likewise specializes in helping clients in legal issues associated to advertising and marketing. We advise our clients about problems associated to labeling, advertising and packaging. We likewise help with regulatory requirements, privacy related problems and distribution and franchise agreements.
