Mergers and Acquisitions Cambridge - Our firm is involved in difficult reorganizations, mergers, acquisitions and divestitures on behalf of corporate clients working in different business jurisdictions, sectors and industries.

Our ranking amongst the firms within this nation is unparalleled in terms of the monetary value and number of deals we have handled both internationally and domestically. As lead counsel we have been involved in more than \$90 billion worth of transactions. Our lawyers are devoted to an inventive and groundbreaking practice.

We have devised various original takeover expansions, strategies and bids. Our assistance span different contested and negotiated mergers and acquisitions on behalf of mid-cap and big issuers, income funds, royalty trusts, institutional investors, private equity community members, closely held corporations and investment banking, in addition to shareholder groups, boards, and committees. Our litigation and corporate lawyers provide counseling on hostile bids, proxy contests and poison bills. We advise boards of directors and special committees about these matters. On a regular basis we deal with leveraged buyouts, spin-outs, joint ventures, exchangeable share transactions, private mergers, carve-outs, and going-private transactions.

Our multidisciplinary supporting team of real estate, intellectual property, tax, competition, and employment lawyers advise about the different aspects of transactions. The complicated nature of mergers and acquisitions needs working closely along with all parties from the start to be able to move deals forward.
