

Top Immigration Lawyers in Cambridge

Top Immigration Lawyers in Cambridge - Our Technology Law Group helps clients with the full spectrum of services concerning technology. We serve international technology companies with complex requirements about their commercial and technology needs. Our clientele consist of technology start-up operations and research businesses. We assist clients involved in mergers and acquisitions and financings about information technology (IT), emerging technology, clean tech, biotechnology, as well as life science matters.

Our Technology Law Group draws on the background and experience of professionals and lawyers in our company involved in the following practice areas: administrative and regulatory, environmental and energy, securities, corporate/commercial, financial services, mergers and acquisitions, intellectual property and corporate finance.

The Technology Law Group consists of several sub groups, including the CleanTech Group and the Information Technology and E-Commerce Group. This broad range of focused expertise makes sure that our clients' legal needs and business needs are identified early and responded to in a timely, focused, and practical manner. These groups help to ensure that our clients' legal needs and business requirements are fast identified and responded to in a matter which is practical, timely and focused.
