Cambridge Personal Injury - Personal injuries can result in a time which may be overwhelming and confusing. Your personal life might get overturned emotionally, financially and physically. We have trusted and experienced advisors you can always depend on. Our senior law clerk and personal injury lawyer have the specialized legal experience to provide you with expert representation and advice. We can help you to know the legislation as it applies to your specific case, and we would take the time to talk about all of your options. We would be available from beginning to end of the personal injury legal process.

Your initial consultation with a skilled personal injury lawyer will be provided free of charge. If we accept your case on a "contingency fee" basis, you may not have to pay an initial retainer fee. In those situations, you would pay nothing in legal fees if we can not get compensation for you. We will be given a percentage of the settlement if we are successful in getting compensation. We would make certain that you understand all the particulars of the retainer agreement previous to signing.

You need to make contact with us as soon as possible after your injury to prevent your rights from expiring. The specific time periods within which you have to bring your claim could differ from a few days to a couple of years.

Our extensive skill extends into the following areas of personal injury: motor vehicle accidents; dog bites and animal attacks; slip and fall injuries; long-term disability claims; and pension plan appeals.

Personal injury cases are settled out of court. The goal of our company is to offer effectual negotiation, while working towards preventing costly court procedures. If it does become necessary, we have knowledgeable litigators who will represent you before all levels of the courts.
