

Legal Aid Lawyers Cambridge

Legal Aid Lawyers Cambridge - Our Financial Services Team helps clients in matters associated to finance, restructuring and insolvency. Our group members' experience within the financial services industry equips them with the insights and skills to evaluate the needs of our financial services clients. We have a deep knowledge of the structure and documents connecting to transactions, and we have many years of knowledge working in the different trades and regulatory environment wherein our clients operate. We combine technical expertise together with the applicable trade information in practice groups and industry teams to help each client's specific requirements.

Our Banking Team advises and acts for large finance organizations such as non-bank lenders, banks and various companies. We have skill in participations and syndications, asset-based lending and secured transactions, as well as different types of commercial finance, including subordinated debt, mezzanine, private equity and film financings within the United States and Canada. We are particularly known for our work with alternative and secured financing. We have developed excellent relations within the lending community, that enables us to help corporate clients to secure financing from the most appropriate lender.

For our clients, we could implement different types of financing transactions comprising project financings, multi-currency loans, cross-border and syndicated loans, letter of acquisition facilities, credit facilities, venture capital financings, real estate financings and asset based lending. Our professionals would document and structure bulk lease financing facilities pursuant to which lenders finance portfolios of equipment leases. We even develop the off-balance sheet financing of energy retrofits of private and public buildings. Our services include structuring and documenting on- and off- balance sheet financings consisting of conditional sale agreements, sales of receivables, leverage buyouts, equipment leases and non-rated asset securitization. We advise clients with respect to lenders' standard form documentation and lending policies and procedures.

We offer advice concerning innovative risk management techniques involving financial derivatives, and by working closely together with our Tax Law Group, we act on behalf of financial institutions in their offshore and domestic investment activities also.

Our experienced litigators also offer services within the many fields of insolvency law to a host of financial institutions, debtors, trade creditors, liquidators, debtor-in-possession lender, trustees and receivers. We help with reorganizations, proposals, restructurings, receiverships, workouts, bankruptcies, enforcements and liquidations.

Our litigators develop methods to be able to enhance recoveries or minimize the effect of insolvency upon the interests of stakeholders.

For our senior and subordinated investors, lenders and borrowers; we could assist in the implementation and structuring of debt workout arrangements. We are an outstanding addition to whatever management team, because we offer innovative transactional advice, particularly concerning the purchase and sale of insolvent businesses and to out-of-court restructurings.
